

SECTOR

Industrial and manufacturing

We source and quote replacement parts and consumables for plants and production lines, including the food, beverage and medical lines where the part has to match the drawing.

Replacement parts

- OEM and aftermarket parts
- Discontinued and obsolete lines
- Components to complete a unit

Valves, couplings and sealing

- Butterfly, globe and drain valves
- Gaskets, O-rings and sealing kits
- Couplings, fittings and service components
- Packing and gasket sheet

Electrical

- Connectors and lugs
- Breakers, fuses and relays
- Cable and sleeving
- Generators and transfer switches

Plant consumables

- MRO consumables
 - Filters
 - Sanitary components for food, beverage and medical lines
 - Safety and environmental supplies
-

HOW A REQUEST WORKS HERE

Send the requirement. The nameplate, the drawing or the part number, and how many the line needs.

We search. Manufacturer first, then equivalents that meet the drawing, with the differences stated.

Quote and confirm. Price and lead time, with material and specification confirmed before you order.

Deliver to the plant. Freight coordinated to the dock, tracked until it lands.
