

SECTOR

Oil and gas

We source and quote couplings, fittings, valves, sealing and electrical parts for upstream, midstream and refining operations, and we search for the components that keep a unit running.

Couplings, fittings and service components

- Couplings
- Fittings
- Service components
- Gaskets for couplings

Valves and sealing

- Butterfly and globe valves
- Drain and sampler valves
- Gaskets, O-rings and packing
- Sealing kits

Electrical

- Connectors and lugs
- Cable and sleeving
- Switchgear components
- Generators and transfer switches
- Gauges and relays

Replacement parts

- OEM and aftermarket parts
 - Discontinued lines
 - MRO consumables
-

HOW A REQUEST WORKS HERE

Send the requirement. Part number, size, material and rating, or a photo of the tag, with quantity and the turnaround date.

We search. Manufacturer first, then distributors who hold the item, with origin and brand stated on every quote.

Quote and confirm. Price, lead time and the documentation you ask for.

Deliver to the site. Domestic or export freight coordinated and tracked until it lands.
